

SUPER CONDENSING HIGH EFFICIENCY. COMPLETE QUALITY.

For over 40 years ATLANTIC BOILERS have supplied high efficiency commercial boilerplant to the public and private sector including education, leisure, health & social care buildings, new builds, royal residences and historic buildings.

A boiler for every commercial application.

MULTI-FUEL SUPER CONDENSING Boilers Range - 20kW to 5000kW

SUPER-CONDENSING: year-round condensing
regardless of return water temperature

COMPACTE ELECTRIC BOILERS Boilers - 36kW to 72kW

For closed heating systems
Maximum working pressure 7BARS

A Y-O electric steam boilers
8 - 1000 kg/hr 10BAR steam

ME-STANDARD electric boilers
7BARSg 90kW to 960kW

CER modulating electric boilers
1KW to 12kW

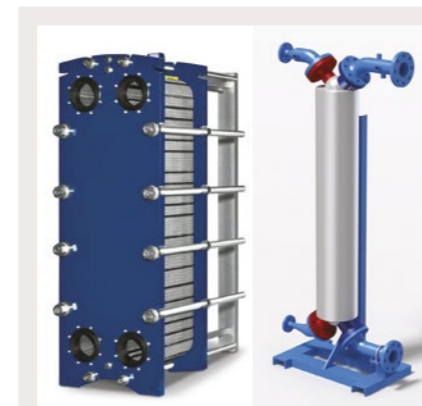

TR-C modulating condensing
3-pass boiler 175kW to 1250kW

EUROMAX-C super-condensing
boiler 1170kW to 5000kW 10BARS

ESB Multi-fuel 3 pass steam boiler
1000 kg/Hr to 30,000 kg/Hr

RS & Helicothem heat condensing
Exchangers 50kW to 5000kW

E-TYPE super-condensing water
Heaters 17kW to 1000kW

MAXCHANGE condensing exchangers
Add-on boiler range 90kW to 2000kW
