

80%
efficiency

OUR EQ PRIME 'BEST IN CLASS' AIR HANDLING UNIT WITH *80% ENERGY RECOVERY.....AS A SOLUTION YOU CAN'T GO WRONG.

EQ PRIME

- High efficiency heat exchangers
- Sorption rotors to maximise cooling recovery
- *80%+ efficiency
- Integrated Controls
- Plug and Play installation
- Eurovent certified

With the latest version, our AHU offers the quality, energy-efficiency and performance – all integrated in one very attractive package. It brings all the technology and impressive energy efficiency you have come to expect from FläktGroup with PM motors, RegAsorp sorption rotors and integrated controls – a package that can't be ignored.
