

The future of the built environment

Introducing Futurebuild 2019

Futurebuild is the evolution of ecobuild. It brings together opinion-shapers, decision-makers and product innovators under a common purpose to explore the latest technologies and approaches, and debate the biggest issues facing the built environment – now and in the future – both in the UK and overseas.

Futurebuild is home to six focused Hubs dedicated to knowledge sharing across key elements of the built environment and an industry-leading content programme driving meaningful debate on the biggest industry issues.
