For HVAC+R & Energy Management Products

Polarised Latching Relays, Solenoids, Damper & Valve Actuators, Motorised Ball Valves, Mixing & Diverting Valves, Pressure & Temperature Relief & Pressure Relief Valves, Adjustable & Limiter Capillary Thermostats, Adjustable Bi-Metallic & Half Inch Snap Action Thermostats.

We Control The Temperature

Thermorex – Based in Armenia manufactures a comprehensive range of high quality adjustable bi-metal and snap action thermostats.

Exporting to over 31 countries including the UK, Thermorex is one of the few snap action bi-metal thermostat manufacturers that specialises in the supply

of these products with special technical parameters of: - a wide temperature range from - 15 C to + 425 C, a tight hysteresis of 5 C, tight operating tolerances of +/- 1 C if required, with +/- 3 C as standard and a low contact resistance of ≤ 5 m Ohm, a feature much sought after by boiler manufacturers.

MMG – is a Hungarian based manufacturer of thermostats into the HVAC+R and white goods industries throughout Europe and now into the UK market.

The updated and expanded product range offers 1, 2, 3 and 4 pole adjustable and limiter products together with 2 versions of a combined adjustable and limiter thermostats and in 2015 the production of a new combined adjustable and snap action limiter immersion rod thermostat.

The plastic encased products are available as single adjustable and limiter units with the dual encased adjustable and limiter units with or without the 1/2-14 NPT copper probe, for use in both cylinder and boiler applications.

Unival – is a manufacturer of a wide variety of valves and other related heating components to an extensive worldwide customer base.

Great emphasis is placed on the initial research and development of all products, with particular

attention paid to their automated and semi-automated production methods which includes built in quality control processes to ensure that customers receive at all times quality assured "Made in Italy" products.

About the Company

Formed in 1988, Interactive Components works with leading world class European based manufacturers as their UK and Ireland Agent and Distributor for the supply of products into the HVAC+R and Energy Management Industries.
