

every commercial valve
for every application

for a
winning
performance

Modular Valves

by Pegler

modular valve systems (MVS)

If you want to maximise performance, just look at our comprehensive range of commercial valves we have to offer. Excellent manufacture quality, backed by a technical support service that's second to none.

- bespoke pre-assembled system speed up installation time
- high quality, precision manufactured
- complete unit allows connection, regulation, isolation, flushing and draining for fan coils.
