

# QUALITY ENGINEERING THAT WON'T BE BEATEN

## The Quinta Ace range

We're leading the way for innovation, reliability and efficiency with the new Quinta Ace. Suitable for use either singly or in cascade, delivering outputs from 18kW-1.3MW, to fluidly modulate heating for any environment. High-efficiency heating and flexible fuel requirements keep costs low at every step.

- 30kW-160kW models available
- Cascade up to 8 boilers in-line or 10 back-to-back\*
- Class 6 NO<sub>x</sub>
- State-of-the-art components for maximum boiler lifetime
- 2-year warranty, including parts and labour\*\*

## Comprehensive engineer support

We know how important the detail is, and our knowledgeable, technical team will help you every step of the way; from design to delivery. Be that in person, on the phone, by email or on-site.
