

Upgrade your  
data centre  
with high  
performance  
cooling

**STULZ**

CLIMATE. CUSTOMIZED.

## **STULZ Cooling Solutions** Experience since 1971

For more than 40 years, STULZ has excelled in the development of precision air conditioning systems for data centres. This experience, coupled with the knowledge gained with thousands of successful projects around the world, is reflected in our innovative refrigeration solutions. Our different air conditioning systems are available in numerous sizes and represent quality and safety without compromise. [www.stulz.co.uk](http://www.stulz.co.uk)
