- Insured consolidated shipments
- Breakdown / rebuild for restricted access
- Euro & £ credit accounts
- Pump Trays / turnkey offering
- TUV / ISO 9001
- Industry leading build quality and value

## Market Sectors

- HVAC
- CHP
- Refrigeration
- Process Cooling
- Industrial Cooling
- Datacentre Cooling

### About Thermokey

Established in 1991, Thermokey has been manufacturing heat exchangers for over 25 years. Our range includes Dry coolers, Adiabatic coolers, Unit Coolers, Blast Coolers, Remote Condensers, Gas Coolers and Coils. We also make our own microchannel coils that can be sold to OEM equipment manufacturers as well as an option in our own heat exchangers. We are fully TUV and ISO 9001 certified and have some of the highest quality product available on the market.
