

LED solutions

Keeping the details in mind and the system in sight.

Tridonic's portfolio comprises leading-edge solid-state lighting (SSL) modules, LED drivers and lighting controls, as well as technology for connected lighting.

Perfect solutions are based on reliable components, each of which work with high precision and efficiency. From LED modules and LED Drivers to emergency lighting and lighting control systems: Tridonic offers you a comprehensive, diverse range of products on a one-stop shop basis – to be individually combined, including complete solution packages for any application. We keep all your requirements – down to the smallest detail – in mind and the entire system in sight.
