

With a beer-drinking crowd of 65,647 you want your plumbing to hold

The value of smart

Walraven has been designing and manufacturing pipe fixings for 75 years. Our huge range of products includes standard and heavy duty pipe clamps for all pipe types and sizes. We can also offer insulation blocks and other pipe fixing accessories such as fix points, slide guides, expansion devices and more. For rooftop HVAC installations we also provide complete rooftop plant support systems.

For more information call us on 01295 753400 or visit our website walraven.com/en/hvac
