

Formed in 1991 Wren Environmental Ltd provides Building Services to a portfolio of Multi-let Buildings, Business Parks, Industrial Parks, Leisure, Tenanted and Landlords properties within the following sectors: Military, Pharmaceuticals, Insurance, Private & Public Sectors.

We specialise in planned Preventative Maintenance which includes Installation Services within the Mechanical & Electrical industries and pride ourselves in working collaboratively with our various clients.

#### Offer to Members

In order for your business to function efficiently your business premises needs to function effectively. You may already have a building services maintenance agreement in place or possibly none at all. Are you absolutely sure your current service agreement is genuinely looking after your present and projected business needs, and does it safeguard you against legislative exposure
