

# Priva Blue ID and Top Control 8 Developed for people, naturally.

## Build systems and control buildings intuitively.

We believe it should be this easy. With the introduction of Priva Blue ID and Top Control 8 we have taken a giant step forward towards the increasingly intuitive implementation and use of building control systems. The game-changing new-generation Priva building control system features an unprecedented combination of speed, reliability and ease of use. Would you like to experience the system for yourself?
